

Proudly Representing the Following Quality **PLUMBING** Products:

Pressure Boost Systems

wilo

- UL Listed Pumping Systems
- Safe Drinking Water
- NSF61/UL372 Approvals

Centrifugal Pumps

wilo

- Star / Star-SWet Rotor Circulator
- MVI Multistage Centrifugal Pumps
- Stratus MAXO Energy Saving Domestic Hot Water Pumps
- E-Pumps~ Integral Variable Frequency Drives

Submersible Solids Handling

wilo

- Packaged Lift Stations
- Submersible Solids Handling and Grinder Pumps
- Basins and Covers, Pump Lift-out System

HCP
PUMPS
America

- Solids Handling Pumps
- Dewatering Pumps
- Stainless Steel Pumps
- Cutter and Grinder Pumps
- Self-priming Pumps for Suction Lift

**PEERLESS
PUMP**

- Vertical Sump Pumps
- All Iron and 316 stainless steel pump construction
- Continuous operation in temperatures up to 200°F

COUGAR★USA
The Lone Star in Water Control

Elite Sump Pump Panel

- PLC based panel with digital touchscreen
- Can be configured for either floatswitch operation or continuous level transmitter input.
- Flexibility in controls functions, such as number of pumps, pump sequencing, pump configurations, and elapsed time meters

Gas-Fired Domestic Water Heating

RIELLO

Brings high-efficiency water heating to your plumbing line.

Riello ARRAY TH20

- Indirect, instantaneous gas water heater
- ~96.1% AFUE efficiency
- High turndown ratio, 1:20–1:30
- 14 combinations, double plate exchangers
- Modular design, full redundancy
- Pre-assembled cabinet, fast install
- Predictive maintenance monitoring built-in

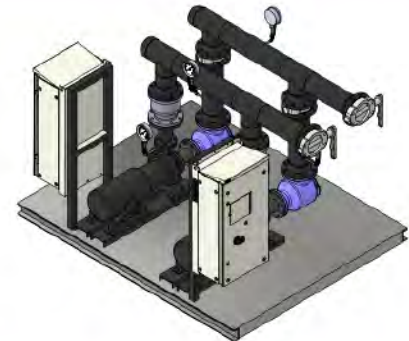

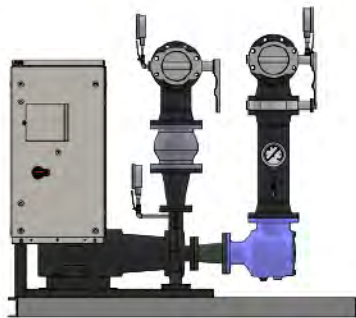

Packaged Systems

FabPro

systems

Custom Fabricated Systems

- Domestic Water Pressure Booster Systems
- Single pump or multi-pump booster systems
- Lead/lag pump staging
- Variable frequency drive (VFD) control
- Integrated piping manifolds
- Fully integrated control panels
- Compact mechanical room installations
- Custom fabricated steel bases

Un-Fired Water Heaters

Thermal Leverage

- Fulcrum - Compact, Steam-fired, Coil in Shell/Tank
- Pivot Plate - Compact, Boiler Water-fired, Plate HX

PIVOTPLATE

FULCRUM

Fire Pumps

- Single & Double Suction Split Case Fire Pumps

- Vertical Inline Fire Pumps

Rainwater Harvesting Systems

wahaso

WATER HARVESTING SOLUTIONS

Commercial Water Reuse
Systems Design-Build

RAINWATER

GREYWATER

Schematics and written performance specifications are made available for project bid packages.

Electric Water Heaters & GlassLined Tanks

NST

SINCE 1898

NILES STEEL TANK

- Energy Saving Performance
- NSF 372 Low Lead Certified
- FDA Approved Linings
- ASME Approved
